

V Sevith

EDUCATION

SRM University
Vijayawada, Andhra Pradesh
B. Tech in CSE AI
GPA 8.0

OBJECTIVE

Aspiring software engineer with a strong academic foundation in computer science, passionate about developing innovative and efficient software solutions. Seeking an opportunity to apply my technical skills, learn from experienced professionals, and contribute to realworld projects in a collaborative team environment.

As a recent graduate with a strong background in CSE coursework, programming, and problem-solving, I am eager to begin my career in software development. While I do not yet have formal industry experience, I have actively participated in academic projects, coding challenges, and self-driven learning. These experiences have allowed me to build a solid understanding of software engineering principles, data structures, algorithms, and web development. I am enthusiastic about contributing to meaningful projects and continuously improving as a developer.
